Aerostar Inc. warranty policy

Aerostar Inc. warrants that all components that have been repaired and/or overhauled at its facility will be free of defective material and workmanship per the work scopes described below:

Bench Test: For units that pass bench test and are within the noted CMM specifications, no warranty is offered or implied.

Repair: Components that receive a Repaired 8130-3 from Aerostar Inc. will be warranted for a period of 18 months from the date on the 8130-3. This warranty is limited to the parts and labor replaced/ used during the previous shop visit, and does not imply full coverage and excludes customer supplied parts.

Overhaul: Components that receive an Overhauled 8130-3 from Aerostar Inc. will be warranted for a period of 24 months from the date on the 8130-3. This warranty is limited to the parts and labor replaced/ used during the previous shop visit, and does not imply full coverage and excludes customer supplied parts.

The following conditions apply:

- Customer induced damage
- Damage in shipping
- Improper installation
- Tampering, repair/ alteration or misuse at alternate repair facility
