

# April 2019 News and Happenings!

It's official! With the ceremonial cutting of the ribbon on Thursday, March 28<sup>th</sup>, Aerostar has grown from a tightly-packed 6,000 square foot stand-alone building to an impressive 23,000 square foot, state-of-the-art multiplex.

The Grand Opening this month was attended by numerous industry luminaries and local dignitaries, including Mobile's mayor, the Honorable Sandy Stimpson, who gave a keynote address recognizing the Aerostar team for its growth and contributions to the local economy over the past 8 years.

But the growth isn't stopping there. Now that our \$2-million expansion is complete, and we've settled into our new digs, the real work begins. With our expanded capacity, we plan to increase our workforce by more than 40% by the end of this year to accommodate our ever-increasing portfolio of clients.

Neither our past, nor our future, would be possible without the loyalty and trust of our customers. So thank you – we look forward to better serving you for many more years to come.

## RECOGNITION & AWARDS

### We're Not Bragging...

Who are we kidding? We're bragging. But as honest as that is, we're also truly honored and humbled to report that Aerostar was one of just 8 recipients of the 2019 Trade Excellence Awards, given by Governor Kay Ivey and the State of Alabama. A David among industry Goliaths like GKN Aerospace, who was also a recipient this year, Aerostar was recognized for "fueling Alabama's robust export business"
