

May 2020

We Fix, You Fly

May? It's Already May?!

Outdoorsman and author Fennel Hudson once said, "May, more than any other month of the year, wants us to feel most alive." The rest of us, after the past couple of months, are probably saying "Mayday, mayday!" Am I right?

But as things appear to be inching toward a return to normal, we just want to say May the Fourth be with you.

Thank You

We've all had to digest a lot of negative industry news these past few months, and it's too easy to get caught up in that and lose sight of the things we're grateful for.

So to all of our customers who've continued to send us work, we can't thank you enough. You've made a tremendous difference in our lives, and for that we will be eternally grateful.

MRO

We are SO looking forward to the MRO this September. It may seem far out and too early to start thinking about it, but considering how quickly we've gone from New Year's Day to Cinco de Mayo, September is what, tomorrow?

Seriously though, we really can't wait to see you and your maskless faces.

Check Out Our Website www.aerostar.aero

We've updated our website with lots of information on our new capabilities, **you know those IDGs we keep telling you about!** Go see how much we have filled out Building #2 since we moved in only fourteen months ago. And if you want to put faces to the names of some of our incredible team members, we recently had Headshot Day! #vogue #bringit #boom
